FIRE PROBLEMS

WILMOT PARCHER REVIEWS FOREST CONFLAGRATION AND FLOOD POSSIBILITIES

Wilmot Parcher, of Tujunga, a former resident of Glendale, reports that the forest fire which has menaced his community has now been subdued from the fact that its fuel is exhausted. Every canyon and its branches between Tujunga and Saugus has now been burned out, Paolina suffering the heaviest loss because of the summer colony which had built beautiful homes there which have been burned, and the destruction on the Cecil De Mille ranch, where not only buildings were consumed but considerable live stock perished. Everything on the north side of the Big Tujunga was burned, he says, but the work of the fire fighters, aided by the wash and river, prevented the flames from crossing to the opposite slope. One or two large canyons including the Dubarro were seriously threatened but escaped. When the blaze reached the top of Mount Elsie, 6000 feet high, it was stayed by a crew of seventy-five men who fought it for two nights and days. Had it reached the south side of the mountain it would probably have burned down into La Crescenta. The beautiful big pines on the north side of Mount Elsie are gone. They burned like tinder, the fighters say. The same sort of damage has come to beautiful Paolina canyon where the padres in early days secured the pine with which the San Fernando Mission was built. Since that time deciduous groves have grown up and mingled with the pine making the canyon more lovely than ever.

Relative to the watersheds, Mr. Parcher said: "There is no question but what they have been terribly damaged. Everybody knows what it means to burn off the underbrush and humus covering of the hills. Under the chaparral were ten to twelve inches of decayed leaves which acted as a sponge to absorb water. It will be many years before that can be replaced. Aside from conservation of the rain is the flood problem which will face the district when there is nothing to retard the descent of water into the valleys below. It would seem that big crews of engineers should be put to work immediately building check dams in the mountain canyons to hold back the water in some degree. We have such dams in Haines Canyon, built within the last few years which have showed wonderful results in conserving water."

MAJOR J. J. WEILER

PROMINENT MEMBER OF N. P. BANKS POST, G. A. R. PASSES TO GREAT BEYOND

After an illness of seven weeks, Major John J. Weiler passed away at five p. m., Wednesday at the home of his daughter and son-in-law, Mr. and Mrs. Joe V. Griffin of 205 W. Acacia avenue.

Major Weiler was taken ill during the Veterans' encampment at Huntington Beach and although valiant efforts to combat the disease were made by Drs. Bryant and Chase and also the Major's personal friend and physician, Dr. W. C. Mabry, his age proved too great a handicap to overcome. During his entire illness he was attended by his friend and comrade-in-arms, Robert N. Taylor, whose great devotion and untiring efforts made his last days less trying and his last hours peaceful ones.

Major Weiler was born in Stark county, Ohio, on August 20, 1839, and he spent the earlier days of his life in farming and railroad work in Ohio and Indiana. At the outbreak of the Civil War he enlisted as a private in the 17th Indiana Vol. Infantry, a unit of the famous "Wilders' Lightning Brigade" and served his country honorably and valiantly from 1861 to 1865 being promoted for bravery in action, through the various grades to the rank of Major. He took part in more than sixty actions including the battles of Chickamauga, Kenesaw Mountain, Ebenezer Church and Selma. While leading a charge at Sims' Farm, Tenn., he was wounded in the arm and shoulder. Of three brothers in the Federal service he alone returned from the war, the others having given up their lives for their country.

Among the notable deeds of Major Weiler were the capture, single-handed, of the battle flag of the famous "Terry's Texas Rangers" and the capture of Colonel John A. Washington, Chief Engineer on the staff of General Robert E. Lee when the latter was taking possession of the State of West Virginia. Colonel Washington, a grandnephew of

OFFICIALS CONFER

PRESBYTERIAN BOARDS AND HEADS OF ALL DEPARTMENTS MEET AROUND DINNER TABLE

The three official boards and heads of departments of the Glendale Presbyterian Church to the number of sixty met last evening to formulate plans according to the New Era program and set a definite goal for each department of the church work. The dinner was served by ladies of the church and a hearty vote of thanks voiced the enjoyment of all those present. At the close of the dinner Rev. Edmonds gave a brief talk and the remainder of the time before the Loyalty Prayer meeting was spent in separate conferences of each department.

After the opening program of the prayer meeting the pastor set forth the New Era program as outlined by the General Assembly,—one million new members for the Presbyterian Church in five years, with each individual church setting a definite goal as to increase in membership before next April, also definite programs as to stewardship, missionary education, publicity, social work, etc. Each head or some member of the different departments of the church reported plans and goals set. The Sunday School will bring 150 new members into its number before April, will have its own missionary in the field and have a paid visitor for the department, form a definite plan of co-operation with the pastor and have a set of records that will give full information regarding the members of the School. The Juniors set their goal for twenty-five new members, the Intermediates aim to double their membership or have 100 per cent increase, the Westminster Guild has set its mark for 30 new members having just 12 very active ones now and being the newest organization in the church. The Young People's Society of Christian Endeavor will double membership and also form a card index for the use of all the organizations of the church giving a full list of all the young people in the congregation. The Women's Society of the church and its three departments, "Work," "Missionary" and "Group," plans to add 150 real live members to its division. The Elders, Deacons and Trustees are forming broad plans for visitation, stewardship and work among the men and boys of the congregation and community.

AWESOME SIGHTS IN FIRE ZONE

Public Service Department employees Drake and Webster, who were among those fighting the forest fires yesterday afternoon and night, report a most awesome experience. They could not get near enough to the flames to attempt to extinguish them so bent all their energies to cutting wide fire breaks in hopes of stopping the onward rush. Drake said he counted 79 immense pine trees in the burned over region in Big Tujunga Canyon, all ablaze and doomed to complete destruction.

DR. COOKMAN UNANIMOUSLY INVITED TO RETURN

Following the regular prayer service on Wednesday evening of this week a meeting of the Fourth Quarterly Conference was held at the West Glendale Methodist Episcopal Church. Much good feeling was expressed over the satisfactory condition of the affairs of the church in general. All financial obligations have been met and the conference year will end with a substantial balance in the treasury. The members of the Quarterly Conference are much pleased and encouraged on account of the profitable and harmonious year's work now drawing to a close and unanimously invited Dr. W. W. Cookman to continue his pastorate.

PHILANTHROPIC WORK

Mrs. Oliver O. Clark, of North Louise street says that the philanthropy committee of the Tuesday Afternoon Club, of which she is chairman, will resume its work next month. Its special wards are the Children's Hospital, Day Nursery, Maternity Cottage and Crittenton Home. At all these places there is constant need of infants' clothing. Because materials are now very expensive Mrs. Clark is asking Glendale mothers to look over stores of knit underwear which perhaps are past mending, but which have parts that are good which could be cut over into infants' shirts. Other things capable of being made over for young children will also be welcomed by the committee which meets regularly after the club year begins at the home of Mrs. Clark. This summer it canned considerable fruit to be given away this winter.

FOREST FIRES BURNING THEMSELVES OUT

DANGER POINT BELIEVED PAST IN SAN GABRIEL—NEW FIRES IN SAN BERNARDINO RESERVE

(Special Service to Glendale Evening News)

LOS ANGELES, September 25.—The fires in the San Gabriel region were rapidly burning themselves out today. Although burning fiercely at several points, it was felt that the real danger was past this morning. Approximately 140,000 acres have been devastated.

Fire in the San Bernardino mountains broke out again during the night and an army of 5000 fire fighters is being recruited today in San Bernardino. All the stores plan to close this afternoon and the Santa Fe has promised 3000 men. Forty thousand acres of valuable pine timber have been destroyed, one mill burned and many farms and orchards devastated. Refugees are beginning to arrive in San Bernardino.

SAN JOSE APPEALS FOR STATE AID

NEW FIRE MENACES CALIFORNIA'S REDWOOD PARK AND HELP FROM SACRAMENTO IS ASKED

(Special Service to Glendale Evening News)

SAN JOSE, September 25.—Appeals were sent to San Francisco and Sacramento today for state aid in fighting a new fire which is menacing California's Redwood park.

STEEL INDUSTRY THE "ROTTEN APPLE"

SO SAYS CHAIRMAN FITZPATRICK BEFORE SENATE COM- MITTEE RELATIVE TO LABOR SITUATION

(Special Service to Glendale Evening News)

WASHINGTON, September 25.—Chairman Fitzpatrick of the steel strikers' committee, testifying in the Senate's steel strike investigation's open session, declared: "The steel industry's open opposition of labor is the rotten apple of the industrial situation." He said: "Just as a rotten apple will contaminate an entire barrel, so the steel industry is doing to the entire labor situation."

Fitzpatrick declared that bad conditions in the steel industry have prevented the improvement of labor conditions in other industries.

SPORADIC RIOTING AT STEEL CENTERS

REPORTS INDICATE GENERAL IMPROVEMENT AND NO SERIOUS CASUALTIES FROM CONFLICTS

(Special Service to Glendale Evening News)

NEW YORK, Sept. 25.—Reports received today showed that sporadic rioting has occurred in several steel strike centers. One striker was killed and one seriously beaten in a gun fight with state police at Farrell, Pa., which followed a police raid on a house from which the police claimed strikers were sniping at the steel plant.

A score of shots were fired at three workmen and one policeman at Clairton. They were carrying \$200,000 to the steel mills for the pay roll. No one was hurt.

Twenty-five strikers were injured at Gary when two street cars collided and five may die. A few shots were fired at Sharon, Pa., but nothing of a serious nature followed.

PRESIDENT AGAIN CHALLENGES OPPOSITION

DECLARES PEOPLE WITH HIM, THAT OUTSIDE LEGISLA- TIVE HALLS IT PROCEEDS FROM PRO-GERMAN ELEMENT

(Special Service to Glendale Evening News)

AUDITORIUM, Denver, Sept. 25.—President Wilson, while addressing a large and enthusiastic crowd here this morning, declared: "Hyphens are the knives that are being stuck into this document." He was referring to the peace treaty. The President emphasized the charge that "outside of legislative halls" opposition to the treaty comes from pro-German elements. The President defined the issue as flatly that of acceptance or rejection of the treaty without tolerating reservations.

There was a tremendous demonstration when the President declared he was "under bond to the wives, mothers and sweethearts of soldiers to prevent another war," and then cried: "The children are my clients."

Declaring that the league is "98 per cent anti-war insurance," Wilson said: "What I went over to Europe for is what I got and that is what I brought home."

Another great demonstration greeted Wilson's declaration that he believes the people support the league. He declared "if the United States does not join the league we must have the world's greatest army, huge taxes, universal conscription and a military government."

Referring to the labor classes he insisted if the treaty is not ratified "labor will be regarded as a purchasable commodity."

I. W. W. TO FOMENT STEEL STRIKE

WASHINGTON, Sept. 25.—Attorney General Palmer today sent Chief Flynn of the Secret Service Department to Pittsburg to investigate the steel strike. This action followed the receipt of reports that I. W. W. are flocking to Pittsburg.

CREDITS EXPLODED

J. E. PECK TELLS OF TRICKERY ON THE PART OF HOLSTEIN CATTLE EXHIBITORS

C. E. Peck states that his son, J. E. Peck, and Mrs. J. E. Peck have returned to their Imperial Valley ranch after visiting the State Fair at Sacramento. J. E., who went East to attend some of the big sales of highly-bred Holstein cattle in Pennsylvania and Ohio and who went to Madison, Wis., for a summer course in livestock judging, has some interesting experiences to relate. For instance, he was a witness of the uncovering of fraud on the part of a breeder of highly pedigreed cows exhibited at Philadelphia whose milk showed the most astonishing content of butter fat in the tests made there on the fair grounds where the owner milked them himself and turned the product over to the judges for testing. Suspicion was aroused and the exhibitor was asked to remove his coat when milking. He objected, but they insisted upon a personal examination of his clothing and it was discovered that secreted on his person was a bottle of pure cream which was fed through a rubber tube running down his leg to the edge of his trousers. In milking the pail was clamped between his legs in such a manner that the cream was fed into the pail with the new milk and defied detection. The cows he was exhibiting were priced at \$10,000 and \$12,000 apiece, which shows that the "honest farmer" can be quite as tricky as the men of other occupations when he sets out to be crooked. Mr. Peck expects to exhibit some of his Holstein cattle at the fair in Los Angeles next month.

W. J. STONE VISITS GLENDALE FRIENDS

W. J. Stone, for four years a resident of Glendale but now on a 175-acre fruit and almond ranch near Paso Robles, came down Tuesday to get his auto which he left here when he moved and a few small household articles. He recently returned from a trip through parts of Illinois, Michigan and South Dakota, where he has farm property. In the Illinois corn belt, he says, land that was formerly thought exceedingly high priced at \$175 to \$200 an acre, now brings from \$500 to \$600. The wheat yield in that state was somewhat disappointing, but the corn crop is the most promising in many years. There was not so much advance in values noted in Michigan nor were the crops so good. The potato crop, one of Michigan's standbys, was very short this year, as it was all over the country. South Dakota crops were all good this year, Mr. Stone reports. He thinks the prospects for his almond and fruit orchards near Paso Robles are very bright.

DIRECT FROM FIRE ZONE

Bunny McIntyre and Robt. Rowley, Glendale fire fighters, reported to the City Hall at noon that they had just returned from the fire zone, where all the Glendale boys were behaving splendidly. The fire on Sister Elsie Peak has been beaten out and all thereon north and northwest of Glendale is safe unless a new blaze arises.

REAL ESTATE CHANGES

HAL DAVENPORT REPORTS RE- CENT SALES AND URGENT DE- MAND FOR RENTAL PROPERTY

Hal Davenport, the real estate operator on South Brand boulevard, reports the sale of a house he woned on South Glendale between Los Feliz and Cypress Ave. to a Mr. Watrous of Hollywood who is now occupying it. Mr. Davenport says quite a movement from Hollywood to Glendale is developing. He has recently leased one of his apartments in the Davenport Block to a A. R. Koen of that city.

Mr. Davenport also reports the sale of property at 1812 South Brand for A. G. Davenport to a Mr. Larson of Santa Monica. Another transfer is reported as follows: Property on South Maryland belonging to H. W. Melrose and which has been occupied by him as a residence to Mr. Sladon, who has been residing in the Richardson Tract near San Fernando Road. The Melrose family has moved to Monita near Gardena.

As an evidence of the scarcity of places to live Mr. Davenport says he was recently persuaded to lease a store-room to would-be residents who could find no other place to live.

WEATHER FORECAST: Fair except cloudy or foggy tonight and in the early morning near the coast.

MARRIED 45 YEARS

MR. AND MRS. D. T. KEIM CELE- BRATE WEDDING ANNI- VERSARY

There was quite a gathering Monday evening at the home of D. T. Keim and wife, 342 West California avenue, almost entirely of relatives, to celebrate their 45th wedding anniversary. The rooms were decorated with autumn leaves and old-fashioned flowers and in one corner hung a wedding bell twined about with a parasol fern. Underneath this on a small stand, was the marriage certificate, with a picture of the bride and groom, taken in 1874, also a clove apple, which the bride had prepared a few days after her marriage, by sticking full of cloves a Rhode Island Greening apple. Now, after 45 years, it is just as it appeared then, the cloves preserving the apple pulp in perfect form.

The guests were entertained by musical numbers given at intervals by Mrs. W. A. Mulligan and daughter Genevieve, with piano and violin, and piano selections by Mrs. W. A. Haines. All the company sang, "Brighten the Corner" and Rev. A. B. Smart offered prayer. Refreshments of ice cream and cake were served. As the guests got ready to depart they gathered around Mr. and Mrs. Keim, while all sang "Blest Be the Tie That Binds," then suddenly showered them with rice and rose petals.

It was on the morning of September 22, 1874, that D. T. Keim and Miss Permelia, daughter of L. D. Beckett and wife, were united in marriage at the bride's home in Salinas, California. They took a wedding trip to San Francisco, and then, after a few weeks' visit at the bride's home, went to Santa Ana to live. They spent most of their married life there, but hope to end their days in Glendale. Their daughters, Miss Zella and Mrs. Sarah Thomas, live with them. The latter's son, Ellis, who recently returned from overseas and is now timekeeper at one of the Edison Company camps up in the mountains, was able to be present, much to the delight of his grandparents. W. D. McClellan, wife and family of La Verne were present also. Mrs. McClellan is a daughter of the Keims.

A number of very fine presents were given the bride and groom, two cut glass pieces and several sums of money from the close relatives.

BACK TO WINDY CITY

ROGER J. WILLIAMS ACCEPTS POSITION AS CHEMIST FOR FLEISCHMAN YEAST CO.

Mr. and Mrs. Roger J. Williams, who have been visiting in Glendale and other parts of Southern California, have returned to their home in Chicago where Mr. Williams has accepted a flattering offer to act as chemist for the Fleischman Yeast Co. of that city. Both these young people are natives of California and were graduated from the Baptist University in Redlands in the class of 1915. Mr. Williams then taught chemistry in the Hollister High School and while there was married to Miss Hazel Wood, daughter of Mr. and Mrs. W. F. Wood, of 1470 East Wilson avenue, this city. They transferred their residence to Chicago where Mr. Williams took a post-graduate course at the University of Chicago and was also an instructor in chemistry in the university. While there he was commissioned to do some research work for the Fleischman Company and made valuable discoveries which enabled them to standardize their product. They have ever since been seeking to secure his services on their working staff and the contract he has just signed is the culmination of those negotiations. Mr. and Mrs. Williams are devoted to California and hope to be able to return and make their permanent home here in the course of a few years. Mr. Williams is said to be a descendant of the Roger Williams revered by historians.

MISS BULKELEY IN GLENDALE

Miss Laura Bulkeley, who left Glendale some ten years ago with her parents for Portland, Oregon, is visiting this city for a short time. Miss Bulkeley was the first book-keeper employed by the Bank of Glendale when it was located at Third and Glendale avenue and has been in a Portland bank in various capacities since leaving here. The Bulkeleys formerly owned and resided on the property now belonging to W. F. Wood on Wilson avenue, east of Verdugo Road. Mr. Bulkeley has retired from business and has been in poor health for the past year or two. It is quite probable that Miss Bulkeley will remain in Southern California.

GLENDALE, CALIFORNIA, THURSDAY, SEPTEMBER 25, 1919

A CHANCE FOR IMPROVEMENT

The use of the automobile is really in its infancy. The traffic rules now governing the use of automobiles on the highways and on the streets of cities are really only an experiment thus far. So anxious have people been to get their hands on a steering wheel that they have been allowed to drive automobiles through places of traffic at the risk of the lives of the traveling public.

It seems absurd when we take second thought that men and women inexperienced with machinery will be allowed to drive an automobile without passing an examination as to their mental and physical fitness. The accidents that are happening from day to day are caused mainly by the carelessness of people who do not realize the importance of being careful while driving on the streets where others have rights that should be respected. How common it is to see a driver on the wrong side of the street, or cutting corners, and if he is reprimanded for it he feels greatly hurt. There are many people driving automobiles who have never been educated as to the measuring of distance. When an automobile is approaching from a side street, they have no idea whatever as to the time it will take it to reach the crossing, traveling at the speed that it is running at the time it is first observed.

There is carelessness on the part of many in driving too close to the car in advance, and such a careless act may be the cause of a serious accident. Drivers should use care to have their cars under control at all times. No crossing should be approached without slowing up unless the driver has a complete view of the roads both to the right and to the left.

Accidents are happening every day on account of the carelessness of automobile drivers that might be avoided if common sense were used. The time is coming when there will be a law that no person shall drive a car without passing a satisfactory examination before an examining board.

NATIONALISM INSTEAD OF INTERNATIONALISM

Ole Hanson, former mayor of Seattle in a recent interview places great stress upon nationalism in preference to internationalism. He says that the sentimental internationalist is a positive danger in times like these. Hanson has been given the credit of being a true American, and he has proved that he is a true American by the staunch stand he has taken on questions concerning the welfare of his own city.

Would it not be in place for men who are high in station to take a warning from practical, common-sense Ole Hanson, cease trying to control the affairs of the world and give more time to bettering conditions at home.

BLOOMERS AT WEBB'S

The Gymnasium Bloomer has been adopted by the school authorities of Glendale as the regulation garment for gymnasium work in all grades.

This bloomer was selected because it is made over a pattern especially adapted for gymnasium work; of the finest quality of saten; and has a national reputation for quality and comfort.

When the manufacturer learns of the selection of this garment by a school he places it on sale at the leading dry goods store of the city.

THEREFORE THE GYMNASIUM BLOOMER CAN BE PURCHASED IN GLENDALE AT THE H. S. WEBB & CO. STORE ONLY.

MONEY TO LOAN—Any amounts. Harry W. Chase, 108 N. Brand Blvd.

DEAD RIGHT

Here lies the body of William Jay Who died maintaining his right of way. And he was right as he sped along. But he's just as dead as if he'd been wrong.

FOR THE LOVE O' TOODLES

"I have called, madam, in answer to your advertisement that you have found a dog. My wife thinks it is her Toodles."

"And can you describe it to me?" "Well—er—not very well—you see I never like to swear in the presence of a lady."

One of the things that make it possible for the Human Fly to climb is the fact that he can stretch his body from 5 ft. 5 in. to 6 ft. 6 in.; while you watch him he will demonstrate this development at the Palace Grand Theater tonight following his climb in connection with the regular picture program.

SO, THAT ENDS THE MATTER

Rabid Anti—"Don't you know that tobacco is deadly? Why a drop of nicotine on a dog's tongue will kill him."

Incorrigible One—"Wal, a quart of it on a dog's tongue wouldn't hurt me none."

SOME PROBLEM!

It was washing day, and Johnnie had been kept from school to look after the baby. Mother sent them into the garden to play, but it was not long before cries disturbed her.

"Johnnie, what is the matter with baby, now?" she inquired from her wash-tub.

"I don't know what to do with him, mother," replied John. "He's dug a hole and wants to bring it into the house."

Personals

Mrs. Mary Anderson of San Pedro was a guest of Mrs. W. R. Alexander of South Maryland avenue the early part of the week. She left for her home on Wednesday.

Mrs. Don Erskine has been entertaining Mrs. Lackyard, an old friend from Salt Lake City. She is now in Los Angeles and is planning to return to Utah about the first of October. Her husband was killed in the late war.

Charles Hulbert Toll, Jr., son of Mr. and Mrs. Charles H. Toll of Kennel Road, has entered upon a course in chemical engineering at Throop College of Technology in Pasadena, where he will live, spending his week-ends at home.

J. F. Hunt and wife, who came here recently from Laramie, Wyoming, to be near Mrs. Hunt's parents, Fred Goetz and wife, and her uncle and aunt, John Goetz and wife, are building a beautiful 7-room bungalow at 113 West Windsor Road, which is now all enclosed and roofed and will be ready for occupancy about October 15th.

Mrs. Louise Parnell, who was poisoned from some painting she was having done in her home, had a relapse after reaching the Murrieta Mineral Hot Springs, and became very ill, but she is now on the mend, which we are glad to report to her many Glendale friends. As soon as her strength will allow she will return to her home on Ivy street, No. 353.

G. S. Nickum and wife, who had lived at 212 West Lomita avenue for several years, had to move last week on account of the coming of the owner's parents, D. D. Haines and wife, from Conneaut, Ohio. The Nickums are staying for the present with his son, Walter D., at 343 West Lomita avenue, but will go East in a short time, on an extensive business trip concerning one of Mr. Nickum's patents.

Quite a delegation of Glendale young people is in attendance on the L. A. Normal near Hollywood, which is now closely affiliated with the State University at Berkeley. The list includes Misses Louise Hester, Gladys Nofziger, Mildred McKee, Lois Murphy, Irene Rich, Esther Schremp, Olive and Margaret Taylor, Marcella Miller, Rhubarck Dudley and Philip Wernette, all of whom are taking junior college work of one sort or another.

Mrs. E. D. Baker of 311 West Colorado and infant daughter returned Tuesday from the Los Angeles hospital where the little girl was born September 9th. By arriving on Admission Day she proved that she is a true daughter of the Golden State. She has been named Adelle Lorraine and is a vigorous child. She is the first daughter of the house and has a brother four and a half years old. Her grandmother, Mrs. W. C. Baker, of San Francisco, is here for an extended visit. Mrs. E. D. Baker states that her father, who was a recent visitor in Glendale and who lives in San Francisco, has been seriously ill and finally had to undergo an operation. He is making an excellent recovery. His daughter, who was a guest in the Baker home for several months, gave up all her musical work to care for her father.

MASONIC NOTICE

Unity Lodge, No. 368, F. and A. M., will confer the Third Degree, Saturday evening, Sept. 27th, commencing at seven o'clock. Masons cordially invited.

Mrs. Flora Seymour, 209 South Columbus avenue, has gone to Ocean Park for a week's rest. Mr. and Mrs. G. H. Lorentz spent the week-end there with her.

Paul Richardson leaves tomorrow morning to attend Stanford University. He will stop off at King City, en route, to spend three days with his sister, Mrs. Shives Mitchell.

W. C. Bradley of 523 Oak street is home from El Segundo for a short rest. He and his two sons, Ormond and Howard, Joe Hartley and Holman Midelf are all working there now for the Standard Oil Company.

John L. Bowman of La Crescenta reports a clear, beautiful morning for the first time since the forest fires began to rage in the foothills near La Crescenta. They died down last night, he says, and appear now to be under control.

The Young People's Society of the Congregational Church to the number of about fifteen will enjoy a picnic supper tonight at the home of Mr. and Mrs. Hartley Shaw on Park avenue. A brief business session will follow the supper and the balance of the evening will be given to a social good time.

Mr. and Mrs. A. S. Chase of Riverdale Drive had a delightful al fresco luncheon at Brookside Park Wednesday evening with old friends from Minnesota who are now living in Los Angeles, viz., Mrs. John Hutchinson and son Henry, Mrs. Jonathan L. Noyes and daughter, Mrs. Alice Noyes Smith. The festivity was the pleasant because of the chance it gave the party to enjoy a wonderful sunset.

Miss Alice Ewins of 615 Verdugo Road, who has been attending Glendale Union High, will take her senior year in the convent boarding school of the Immaculate Heart at Hollywood. She will visit home frequently. One of the nuns in the convent is an intimate friend of the Ewins family and that was one inducement to Alice to enter that school. Miss Edith Ewins, who is still employed in Ocean Park, visited her parents last week.

Mrs. Annie Bancroft of South Brand boulevard states that her brother, Mr. Thomas, of Los Angeles, was one of the unfortunates who lost a beautiful summer home in Paoli Canyon. Mrs. Bancroft, her son and daughter-in-law, Mr. and Mrs. Leigh Bancroft, and Dr. Emil and Miss Tholen spent the week-end there not long ago. Mr. Thomas and a group of friends had formed a club which purchased the upper end of the canyon near the Little Tujunga, where they built cottages, equipped with electric lights, put in a swimming pool, had a community dining room and a camp thoroughly beautiful in all respects. Its destruction means far more than the actual money loss.

Capt. A. H. Jones was in Glendale Tuesday and Wednesday, visiting his wife's sister, Mrs. Margaret Longley, at 530 Oak street, and arranging to move to Glendale with his wife and two children. He was an electrical engineer in St. Louis, when the war broke out and he at once enlisted in an engineering corps. He was made construction quartermaster and was sent first to Connecticut, then to El Paso, Texas, and lastly to Fort Rosecrans, San Diego, in all of which places he looked after the construction of buildings. He has just been discharged, after two and one-half years of honorable service and will make his home in Glendale, but engage in his profession of electrical engineering in Los Angeles.

CHURCH SUPPER WELL ATTENDED

The Church Night Supper at Central Christian last evening was unusually well attended, 61 people participating. Important committee meetings followed from 7 to 7:30 and then the regular prayer meeting was held, the subject being "Separation from the World." Mrs. F. L. Thompson was the leader and she conducted the meeting very successfully. The absence of Rev. Cole, who has been ill with a serious cold for several days, was regretfully commented on as a most unusual circumstance.

SIDNEY R. DIXON

Death was invested with special sadness when it came to Sidney R. Dixon, of 324 South Verdugo Road, over whose body funeral services were held yesterday. Though he had lived in Southern California for many years, he always considered his native city, Detroit, Michigan, his real home. It was there his body was taken for interment and there a Masonic funeral will take place, for he was a 32d degree Mason, and prominent Knight Templar. All his life he had been in the meat packing business and a tremendous worker who never spared himself. In the hope that he would take life easier he was persuaded to come to Southern California as general manager of Cudahy interests here. Later, and at the time of his death, he represented the Wilson Packing Company. A few months ago he suffered a nervous breakdown, but even then refused to listen to the advice of physicians or to moderate his activities. His final illness began about two weeks ago and Monday night September 22, 1919, at 8:15 p. m., he passed away, at the age of 56, following a stroke of apoplexy. About six weeks ago his wife was summoned to the bedside of her mother who was critically ill in Detroit, and was not with her husband when he died. He leaves a son, Stanley K. Dixon, two brothers, Fred S. Dixon, who resides at 424 South Verdugo Road, this city, and Ed Dixon, who lives in Eagle Rock, a sister in Albany, N. Y., and his father, who is also in Albany.

FIVE HUNDRED PARTY

The Glendale Federation of Parent-Teacher Associations will give a Five Hundred party Tuesday, September 30th, at the home of Mrs. John Robert White, Jr., 347 North Orange street. The game will start promptly at 2:30 p. m. and choice will be allowed those who desire to play "progressive" or "pivot." Tables can be reserved for parties of four. Three beautiful prizes will be presented to the winners. The trophies will be on exhibit at Bott's Book Store on Brand boulevard on Friday. After play there will be an adjournment to the beautiful grounds where the ladies will be served with tea and wafers. Reservations can be made or tickets secured through Mrs. White by telephoning Glendale 2106, Miss Eva Daniels, Glendale 911-M, or Bott's Book Store on Brand boulevard. 2011

RELIEF COMMITTEE WORK

Mrs. Ralph Meeker has accepted the chairmanship of the joint committee maintained by the Tuesday Afternoon Club and the Parent-Teacher Federation. For several years Mrs. E. S. McKee has been at the head of this work which has developed to strenuous proportions. She is a busy housewife but has not been sparing of service. When a new baby came to some destitute home she was there to comfort and aid if other help was lacking. She and her committee associates have maintained headquarters opened once a week where clothing was received and dispensed. She feels that she can no longer devote the time and effort demanded by the work and has resigned it to Mrs. Meeker. Plans are simmering for its reorganization and Mrs. Meeker has secured an excellent committee composed of the following ladies: Mesdames Scott, Archer, McCoy, Sinclair, Cora Frenz, Grigg, Rowe, Mitchell and Miss Dorothy Poppy.

LIVE COLE CLASS TO GIVE BAZAAR

The Live Cole Class of Central Christian Bible School will give an Oriental Bazaar in the church bungalow Friday evening beginning at 8. They have a reputation of carrying through successfully everything they attempt and this will be no exception. They cordially invite everybody to attend and take part in the doings. Reserve tomorrow night for this.

ANNUAL W. C. T. U. PICNIC

The Annual W. C. T. U. Picnic will be held at La Ramada tomorrow beginning at 10 a. m. Take North Glendale car to end of line. Bring sandwiches and one other eatable, also cup, spoon and fork. Coffee will be served. All members and friends are invited.

Would you rather leave your wife \$10,000 or \$50 a month for life? She would appreciate either.

The Home Life Insurance Company of New York provides this protection.

For information phone M. F. Smith, Glendale 2098-R. 14t11

There will be a meeting of the official board of the Corritos Parent-Teacher Association at the home of Mrs. A. H. Brown, 1737 Gardena avenue, Friday afternoon, at 3:15, to discuss plans for the year. The regular meeting of the association takes place next week Thursday.

GOOD TEMPLARS' BOX SOCIAL

A box social will be given by the Good Templars' Lodge Friday at the Odd Fellows' Hall at 111 East Broadway. A good musical program will be given which will open at 8:15 p. m. Everybody is invited.

INVITING the ladies of Glendale to come in on Thursday, Friday and Saturday, Sept. 25, 26 and 27, and see our offering in Millinery before buying in Los Angeles.

TURNING THE LIGHT ON YOURSELF

The man who thinks the whole realm of animal life so entirely
beneath serious consideration as to be treated, when it pleases him,
with contempt, or as a joke, discloses a nature, at its inmost center,
hard and selfish—a nature to fail a human friend in his hour of need.

Out of what grew Japan's desire to build a memorial to the horse-
men who died in her war with Russia? Out of one of the noblest im-
pulses of the human heart—grateful remembrance. Why did men
and women in South Africa set up a statue to commemorate the
horses who fell on the fields of battle where Englishman and Boer
laid down their lives? Because there awoke within their souls the
consciousness of an unpayable debt. In some way they had to ex-
press themselves. With no exception known to us the finest minds
in the history of literature and art and religion, the men and women
who have seen with clearest vision and felt with deepest passion,
have recognized the claim of that vast world of life below them for
reverent and just sympathetic regard.

We have no idea who he was who wrote the brief editorial com-
ment in the Boston Transcript with which we close, but in the clear-
ness with which he recognized a profound truth he has unconsciously
turned upon himself a light at once revealing and attractive:—

"The placing in the State House of a memorial tablet to the dogs
and horses that died in the war is to be commended. The heart that
isn't big enough to hold the most kindly consideration for these
creatures is to be distrusted in the matter of dealing tenderly with
the rights and regards of humans."—Our Dumb Animals.

DUMB HEROES OF THE WAR

There was one factor for victory in the war which we overlook
in passing out the praise and medals, declares the Toledo News-Bee.
To the dumb animals who bore much of the battle's brunt, to
the horses, mules and dogs, great credit is due.

Patient, plodding, brave, obedient creatures of faithfulness!
Wondrous fine the steed of officer, but equally grand the sturdy
haulers of caisson and gun carriage.

Butt of limitless jokes, the long-eared, lean-legged, tuft-tailed
army mule has glorified himself. Endless the supply trains he
tugged fagging distances, across shell-swept spots and through fierce
fire.

The Red Cross dog, too, and the sledge dogs in the Alps have
been canine heroes, leaping into the jaws of death on missions of
mercy or pulling precious pack sleds among mountain peaks and
passes.

Perpetual pasturage would be a just reward for our four-footed
fighters, with freedom from further work. To fido allot choice bones
to gnaw and if you'd make his home dog heaven rid the world of
fleas for these, the "dogs of war."

At the entrance of this Paradise park or preserve, place a shaft
to record for posterity a tribute to the war's more than a million
animal dead.

MUSIC IN THE HOME

By Mrs. Nanno Woods

We want all young people, and
grown-up people, too, to take an in-
terest in the music contests which
will be published every Thursday in
the Glendale News. All boys and
girls may try for the prizes offered;
they do not need to be studying mu-
sic, or to be anybody's pupils; the
competitions are open to all. A lovely
book will be awarded for the best
letter, limit 200 words, written by
any boy or girl under 16 on

"My Favorite Song."

Everybody loves songs; most of us
have a favorite one. Which one do
you like best? Why do you like it?
Write about it in an interesting
fashion, and send your letter to Mrs.
Nanno Woods' Studio, 122 Milford
street, before the 2d of October. The
best letter received will be published.

Winning Prize Letter

The best letter on "My Favorite
Instrument" was written by Edwin
Cline, of 720 East Windsor Road,
Glendale. It is as follows: "When
Mama and I were at the Beach, Pa-
pa bought me a saxophone for my
tenth birthday. I am taking lessons
now, and I can play songs. My
teacher is pleased with my work. I
like the saxophone because it is pret-
ty, and easy to play, and I can take
it with me when I wish."

RETURNS HOME

Mrs. H. L. Brown of South San
Fernando Road has returned from
San Dimas where she was summoned
on account of the serious illness of
her aunt. She found the aged wo-
man had suffered a second stroke of
paralysis and was almost helpless
though she had rallied somewhat by
the time Mrs. Brown reached there.
It will be remembered that this uncle
and aunt who have no children and
are like parents to Mrs. Brown, re-
tired from orange ranching and
moved into the town of San Dimas
last June. The discomfort of the
sick woman was increased by the
great heat from forest fires on the
hills immediately above the town
which could be plainly seen and
which menaced the upper groves in-
cluding the one sold by Mrs. Brown's
relatives. She was unable to re-
main with her aunt, but left her
daughter, Miss Enid Deeds, who is a
great favorite with the old people
and who paid them a long visit this
summer.

SAD NEWS FROM CORPUS CHRISTI

Mr. and Mrs. Fred Thompson, of
214 West Harvard, recently received
some very sad news from Corpus
Christi, Texas. Old neighbors of
theirs when they lived in Indianapo-
lis, Ind., Mr. and Mrs. E. R. Huton,
who had lived in Corpus Christi 8 or
10 years, and who visited them in
Glendale three years ago, write that
Mrs. Huton's mother, Mrs. N. Ford,
who came there from her Indianapo-
lis home a month ago to spend the
winter with her and another daugh-
ter, Mrs. Alice Powers, had been kill-
ed in the dreadful hurricane, togeth-
er with Mrs. Powers, and neither of
the bodies had been found.

CARD OF APPRECIATION

To the many friends who express-
ed in practical ways their sympathy
for me and mine in the great be-
reavement that came to us through
the sudden death of my son, William
Pless Spear, I desire to convey my
sincere thanks. He had many friends
in this community where he grew to
manhood and the fact that they
shared my loss helped me to bear my
own trouble.

COMMUNITY SING

The regular meeting of the Com-
munity Sing will take place tonight
at Glendale Union High School at
7:45 o'clock. All members of the
chorus and others interested should
be there promptly to enjoy the song
drill.

FALL DANCE

Glendale Council, Knights of Co-
lumbus, through the Entertainment
Committee, called "Columbus Club,"
has made elaborate plans for the
Fall Dance tomorrow evening at Ma-
sonic Temple. The dance is not re-
stricted to members of the Order. A
good time is promised every one in
attendance.

As an index to the immense vol-
ume of transcontinental travel this
year it is stated that in a single day
recently more than 100 automobile
tourists registered at the headquar-
ters of the Utah Auto Association in
Salt Lake, most of them being long
distance travelers.

Protect the mortgage on the home
with a policy in the Home Life In-
surance Company of New York.

Common Causes of Tire Injury

o Tips That Will Save You Dollars o

By M. D. BIXBY

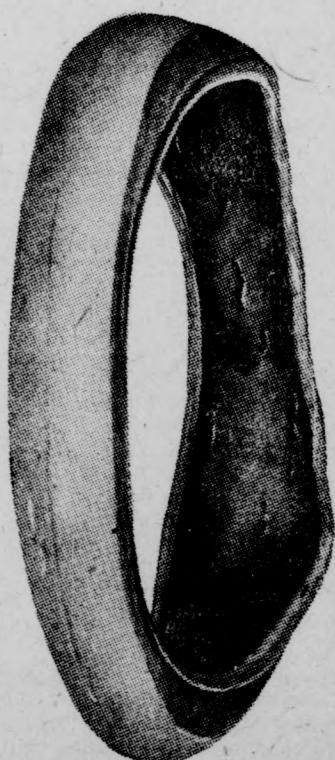

Los Angeles Branch Manager, B.F. Goodrich Rubber Co.

If the harmful results from the
use of Inside Protectors or
Puncture-proof Bands were
fully realized, few of them would
be used in new tires.

There is Nothing that will More
Quickly RUIN a New Tire.

While they may accomplish all
they are represented to do in
staying or preventing punctures,
yet their use is so injurious as to
offset this feature. A tire is
scientifically made and the add-
ing of any number of plies of
fabric is detrimental. The em-
ployment of an inside band not
only reduces the resilience of a
tire, but the additional thickness
creates heat. This is not only
destructive to the fabric, as shown
in the sketch, but it also weak-
ens the adhesive qualities of the
rubber between the plies of fab-
ric and blistering follows.

Protectors should only be em-
ployed as a means of prolonging
the life of old and practically
worn-out tires.
